struction of the three wagny on use interport is charged with the conmodel of the three wagness coals leading to the Pacific coast.

The department requires an additional building for its accommodation, and the erection of one has been repeatedly recommended during
the last few years for that purpose. At present the Pousson Office is
provised with rooms in what is known as "Winder's Building," while
to other branches of the department, including the Secretary's office,
we all crowded into the Patent Office building, the whole of which
will be required at an early day for the use of the Patent Office, for
study is a structure of the patent of the pa

to, and of the force employed therein, respectively:

Scretny's Office.—Hon. Howell Cobb, Socretary of the Treasury;

line Philp Clayton, Assistant Secretary; one engineer in charge; one

scaled, and three draughtsmen temporarily employed, and twenty

firm cierks. The Secretary of the Treasury is charged with the gen
real supervision of the facal transactions of the government, and of the

classical of the laws concerning the counterers and navigation of the

line States. He superintends the survey of the coast, the light-house

while the coast, the marine bospitals of the United States, and the con
traction of certain public buildings for custom-houses and other pur
loss.

First Compiroller's Office.—Hon. William Medill, Compiroller, and Micen cierks. He prescribes the moste of keeping and rendering acounts for the civil and diplomatic service, as well as the public lands, and revises and certifies the balances arising thereon.

Hon. J. R. Floyd, recovery and four waterment.

A subline's Office.—William F. Phillips, esq., and four tends of the Trease of the Post Office Department, and one hundred and fourteen. He receives said adjusts all accounts are final, unless an the Post Office Department. He decisions are final, unless an the post office Department. He decisions are final, unless an the post office beganned. This office, at the head of which is the collection of all dotted due the Post Office Department, and making and forfeitures imposed on postmesters and mail converted from the collection of all dotted due the Post Office Department, and making and forfeitures imposed on postmesters and mail converted from the following t

The Navy Department consists of the Navy Department proper, being the office of the Secretary and of five bureaus attached thereto, viz. Bureau of Navy-yards and Docks, Bureau of Onstruction, Equipment, and Repair, Bureau of Provisions and Cothing, Bureau of Ordnance and Hydrography, and the Bureau of Medicine and Surgery.

The following is a statement of the duties of each of these offices and

of the force employed therein:

Secretary! Office.—Hon, Isaac Toucey, Secretary of the Navy; Charles W. Welsh, eaq., chiof clerk, and eleven clerks. The Secretary of the Navy has charge of everything connected with the naval establishment, and the excection of all leav relating thereto is intrusted to him, under the general direction of the Fresident of the United States, who, by the constitution, is commander in chief of the army and navy. All instructions to commanders of squadrons and commanders of vessels, all orders of officers, commissions of officers both in the navy and marine corps, appelutments of commissioned and warrant officers, orders for the emissionets and discharge of seasons, commanders of the Secretary's office. All the duties of the different bureaus are performed under the authority of the Secretary, and their orders are considered as emanating from him. The general superintendence of the marine corps forms, also, a part of the duties of the Secretary, and all the orders of the commandant of that corps should be approved by him.

management of the Naval Asylum.

Bureau of Construction, Epsigment, and Repair.—John Lenthall, esq., chief of the bureau, eight clerks, and one draughtsman. The office of the engineer-in-chief of the navy Daniel B Martin, esq., is attached to this bureau, who is assisted by three-assistant engineers. This bureau has charge of the building and repairs of all vessels of war, purchase of materials, and the providing of all vessels with their equipments, as sails, shehers, water tanks, &c. The engineer in-chief superintends the construction of all marine steam engineer for the navy, and, with the approval of the Secretary, decides upon plans for their construction.

the approval of the Secretary, decides upon plans for their construction.

Bureau of Provisious and Clothing.—H. Bridge, purser United States
navy, chief of bureau, and four clerks. All provisions for the use or
the navy, and clothing, together with the making of contracts for furnishing the same, come under the charge of this bureau.

Bureau of Ordanece and Hydrography.—Oath. Duncan Ingraham,
chief of bureau, bur clerks, and one draughtsman. This bureau has
charge of all ordanece and ordinance stores, the manufacture or purchase of cannon, guin, powder, shot, shells, &c., and the equipment
of vessels of war, with everything connected therewith. It also provides them with map, charts, thronometers, barounders, &c., together with such books as are furnished ships of war. "The United
States Naval Observatory and Hydrographical Office" at Washington,
and the Naval Academy at Annapolis, are also under the general superintendence of the chief of this bureau.

Bureau of Medicine and Surgery.—Dr. William Whelan, surgeon United
States navy, chief of bureau; one passed assistant surgeon United
States navy, und two clerks. Everything relating to medicines and
medical stores, treatment of sick and wounded, and management of
hospitals, comes within the superintendence of this bureau.

Hon. J. R. Floyd, Secretary of War; W. R. Drinkard, chief cierk, seven subordinate cierks, two measurers, and Sour watchmen. The following bureaus are attached to this department:

Engineer Office. General Jeach 6. Totten, chief eng Topographical Bureau. Col. J. J. Aberi, colonel of the corps; a tant, Captain J. C. Woodruff; four clerks and one measured
